(54) WRAP FILM STORAGE BODY

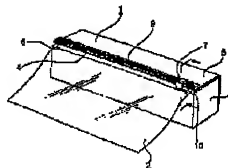

(57) Abstract:

PROBLEM TO BE SOLVED: To manufacture a wrap film storage body in which various wrap films, particularly wrap films of high stretchability, can be cut easily and safely is secured at the time of handling.

SOLUTION: In the constitution of a wrap film storage body 1 for cutting by a cutter 7 provided on a cover 5 covering an opening 4, the end face of a cutting blade of the cutter 7 is not sharp, and the cutter 7 is provided slidably along the cutting direction of a wrap film 2 on the cover 5, and one side of a storage case 3 as a back-up member 10 and the drawn-out wrap film 2

for cutting while the dull blade is pressed to a member 10 and slid thereon.
